McPike Denounces Davis for
Leaving Nominee

Tense Situation Grows in
Ranks of Women

SAN FRANCISCO, July 12. (Exclusive)—The split in California's Democratic ranks, which has been widening steadily for several days, broke into open warfare today. It was occasioned by yesterday's renunciation of Tammany and the Democratic candidate, Gov. Smith, by John O. Davis, who led the Walsh campaign forces in the primary in the fight against a wet nominee.

Henry H. McPike, leader of the Smith forces, ripped loose with a verbal barrage at Davis which left nothing to the imagination, but marked distinctly a cleavage which is expected to grow more pronounced day by day until election.

Davis, in his statement yesterday, said he will support Hoover for the Presidency, despite the fact that he has been a Democrat all his life and has been a leader in that party's activities in California for a score of years.

HE SPANKS MR. DAVIS

"So Mr. J. O. Davis has betrayed the Democratic candidate again," commented McPike with no attempt to conceal his scorn. "It is not the first time he has given aid and comfort to the enemy. If he is not more careful he is likely to become a habit with him. Since President Wilson appointed him collector of the port (San Francisco) he has never done a single thing to help the Democratic party and never contributed a dollar to support any of its candidates. In the language of Gilbert and Sullivan, 'he never will be mended.'"

Chairman McPike's warm words had scarcely time enough to cool off when former Chairman Davis launched off the following rhetorical blast:

"I have never voted for any other than the Democratic Presidential candidate in my life."

"I am quite ready to stand my record alongside that of Mr. McPike."

DANIELS CRITICISES RASKOB

Former Navy Secretary Scores New Democratic Chief
for Stressing Prohibition Issue

RALEIGH (N. C.) July 12. (AP)—Although praising John J. Raskob, the new Democratic national chairman, as a man of business, Joseph Daniels, Secretary of the Navy in Wilson's Cabinet, took issue today with him on his statement as to prohibition, saying the national chairman has no right to "make or stress issues not settled in the party platform."

"His election insures the leadership of a man of action and successful business methods. It is an assurance to his business that a Democratic victory with Smith as President will not disturb any right relationship," Mr. Daniels said.

PLATFORM SUPREMACY

"There will be those—and the News and Observer (Mr. Daniels's paper) is of that goodly company of Democrats—who deny the right of the national chairman to make or stress issues not settled in the platform of the party."

"And yet in his first declaration Mr. Raskob undertakes, in so far as he can, to put the Democratic party on record for amendments to national prohibition. The Houston convention turned down the various suggestions of amending the national prohibition laws and repealing the Eighteenth Amendment and gave a mandate and a pledge to us as my service to the Democratic party."

TENSE SITUATION GROWS

The bolt from the Smith candidacy by Davis in his statement assailing Tammany as "an organization that has had but meager understanding of, and no sympathy with the ideals of the great leaders of Democracy" in an organization that was the bitter foe of Tilden, Cleveland, Bryan and Wilson, has kicked up a big fuss in Democratic ranks. Davis has been one of the California Democrats closest to William O. McAdoo and has been aligned with the McAdoo wing of the party in its battles.

A tense situation is growing in women's Democratic ranks, due to the break of the drys from the Smith candidacy. Considerable speculation is going on as to the stand which various women's Democratic groups will take. An announcement was made today that the Women's State Democratic Club of California, which was organized in 1913, will be launched in the coming week in honor of Mrs. Charles L. Donohoe of Oakland, Democratic National Committee woman from this State. Mrs. Donohoe, president of the club, was one of the McAdoo delegates to the 1924 national convention at New York City and belongs to the dry faction in the party. Mrs. Donohoe is backing Smith. She was a candidate for vice-chairman of the Democratic National Committee, but the place went to Mrs. Nellie Ross, former Governor of Wyoming, who is personifying political gymnastics by campaigning for Smith as a wet Presidential candidate and at the same time beseeching the Democrats of her home State to nominate dry Congressional representatives for fear that if Smith is elected he will tinker with the Volstead Act.

convention manager, who is expected to have charge of eastern campaign operations.

ROBINSON ABSENT

Senator Robinson, the Vice-Presidential nominee, was not on hand, as he had left for Washington.

Dates for the nomination of both the Governor and his running-mate were not discussed, and it was indicated later that it probably will be some days before they will be fixed.

Committee members said that the general opinion was that it would be unwise to establish regional headquarters in the South, as Senator Robinson has proposed. Representatives from the "solid South" for the most part felt that there is no chance of losing any States in that section.

Predictions were made by the committee that general campaign headquarters will be here rather than in Washington, where the Republicans will have their main base, and the suggestion came from several sources that Denver would be a good location for western headquarters.

FINANCIAL PLANS

After the committee session Col. Lehman had his first conference with newspaper men. He said that a widespread appeal for funds will be made later and that his finance committee will be organized on a nation-wide basis, with representatives from every State.

For the present, the finance director declared, no limit will be placed on the size of individual contributions and until a budget can be mapped out, he added, it will be impossible to fix the amount that will be needed to finance campaign operations.

Mr. Lehman announced that no solicitors will be used to raise campaign funds. Authorized State representatives, he said, will collect funds in their localities, forwarding them to headquarters here.

As for women's activities during this campaign, they will be in charge of Mrs. Nellie Taylor Ross, former Governor of Wyoming, who along with Mrs. Florence Farley of Kansas, has been made vice-chairman of the national committee. Mrs. Farley will assist Mrs. Ross. They mapped out plans in a preliminary way today, in conference with other committeemen.

KANSAS LEGISLATURE GETS SPECIAL CALL

TOPEKA (Kan.) July 12. (AP)—Gov. Paulsen today issued an official call for a special session of the Kansas Legislature, convening next Thursday at 2 p. m., to consider submission of a constitutional amendment to the State's constitution at the November general election.

The dance frock you have found so infinitely becoming this summer . . . of printed chiffon . . . may be practically duplicated for fall. Louise Boulanger, using the skirt so typical of her evening frocks . . . long in the back and yard around . . . takes printed transparent velvet and uses it as she has printed chiffon.

But she tops this velvet skirt of flowing richness with a chiffon bodice . . . something in the manner of the sketch above. See how Bullock's would combine these fabrics!

JOB BARTERERS OUSTED BY NEW

Mississippi Grand Jury's
Inquiry Begins

WASHINGTON, July 12. (Exclusive)—Postmaster-General New told the Brookhart Senate committee today that he had barred from consideration at the Postoffice Department two or more men in Georgia who appeared to be bartering in postal jobs. One postmaster, a Democrat, was fired for helping a negro Republican get money from an applicant for the position of rural carrier.

Mr. New informed the committee that Republican postmasters and others employed by his department had contributed funds for the main-

TESTS CAST DOUBT ON THEORY LOEWENSTEIN FELL FROM PLANE

CROYDON (Eng.) July 12. (AP)—theory that Capt. Alfred Loewenstein, Belgian financier, accidentally fell from his plane while over the English Channel last week seemed highly doubtful at the conclusion of flying tests made here today.

The same Fokker machine owned by Capt. Loewenstein from which he disappeared during his cross-channel trip on the 4th inst. was used. Maj. Cooper of the accident branch of the Air Ministry was in charge of the tests.

No statements were made at the conclusion of the flight, but it was unofficially reported that at a height of 10,000 feet, one of the party flung himself against the outer door, which opened about six inches. He, however, was immediately flung back into the cabin when the resulting rush of wind shut the door violently.

It was stated that, after a prolonged struggle, Maj. Cooper, secured a rope which was held by a companion, opened the door sufficiently to climb onto the step of the machine, but it was declared that it was generally decided it would have been impossible to fall out accidentally.

about 8 per cent of their salaries. As far as we can tell, none of this was done by the national committee, but it went to the local committees or leaders.

The Postmaster-General declared he is not defending anything except his department. He asserted that he had investigated every report of an asserted sale of an office, and he said the committee to hear him because of the general statement that there had been sales of postal offices in Georgia.

MAN BLACKLISTED
He heard in 1925 that a white man in Georgia was trying to barter an office. This man was blacklisted by the department, said Henry Lincoln Johnson, negro national committeeman at that time, was notified of what had been done. New added that he then went to Senators George and Harris and requested them, as a favor, to report any such thing to him so he could give them prompt consideration.

Senator Brookhart volunteered that the Georgia Senators had told the members of the committee that the department had co-operated with them in their efforts to break up the barter system in the State.

Mr. New presented a list of post-office appointments in Georgia to show that 62 per cent of them were made after consultation with Democratic members of Congress.

GRAND JURY BEGINS
PATRONAGE INQUIRY
BLOOMING (Ind.) July 12. (AP)—Organization of a Federal grand jury of eighteen men was completed in the Southern District Court here today and Judge E. R. Holmes began delving into distribution of Federal patronage in Mississippi with the nominal head of the Republican party in the State included in the investigation.

Shortly after the grand jury had retired to begin interrogation of witnesses, it became known from the minute books of the District Attorney's office that witnesses had been summoned to testify as to events leading up to the appointment of the grand jury.

Mrs. Mabel Walker Willebrandt, Assistant Attorney-General, here from Washington, was called and an early trial will be asked, if indictments are returned.

North and South Irish Guards Join in Liquor Raid

BELFAST, July 12. (AP)—The Ulster border at Castlederg, Tyrone, where hostilities between North and South Ireland seemed imminent three years ago, was by coincidence yesterday the scene of a combined raid by Free State and Ulster constabulary on moonshiners preparing for today's celebration of the Battle of Boyne.

Fight was shown when the moonshiners were encountered by the Free State civil guards, but the Ulstermen joined in and the trouble soon was quieted. The people of Castlederg, a strong Orange center, were astounded to see the Free State civil guards marching through the town with their prisoners, but greeted them warmly, the eve of the 12th inst. notwithstanding.

Long Imprisoned Man's Fate Put in Judges' Hands

EDINBURGH (Scotland) July 12. (AP)—Oscar Slater, released from prison after serving more than eighteen years of a life sentence on a conviction of murder and now seeking to clear his name through an appeal to the courts, will have to wait some days for a decision.

The closing speeches were made by his counsel today before the Court of Appeals and the judges announced that they will give their decision at a later date.

German Convicts in Hunger Strike

Sonnenburg (Germany) July 12. (AP)—Sixty-five political prisoners, including Max Hoelz, Germany's "Robin Hood," have started a hunger strike fearing the Reichstag may again postpone its decision to vote an amnesty bill.

The strike began yesterday with seventeen Communists, but today forty-eight more among them five Extreme Rightists, convicted of murder, joined the strike. In addition, forty-one ordinary criminals went on the hunger combination.

The amnesty bill failed last spring when the Reichstag had a more conservative complexion.

SON OF DAUGHTERY WEDDED TO DIVORCEE

NOGALES (Ariz.) July 12. (Exclusive)—Draper M. Daugherty, son of Harry M. Daugherty, former United States Attorney-General under President Harding, was married yesterday in Tucson to Estelle Sturges, former wife of Preston Sturges, perfume manufacturer of New York, after a divorce had been granted to both the bride and the groom in the Nogales (Son.) Civil Court on Monday.

Rancho Santa Fe

To preserve a reverent memory of the Vision and Courage of California youth to express faith in her radiant future to record the progress of a Plan linking the romance and imagination of Yesterday with the fulfillment of Today.
—L. G. SINNARD.

RANCHO SANTA FE is a tremendous success today because it followed a definite plan, backed by ample capital. That plan blazed a new trail. There was no model to follow. An entirely new type of community was created, combining the best in urban and in rural life. The plan was conceived by L. G. Sinnard, development specialist, and W. E. Hodges, moving spirit behind Hodges Dam. How strikingly the plan has worked out is shown by the following parallel between Mr. Sinnard's preliminary report and today's present facts:

From a Pre-Development Report, Oct. 12, 1921, by L. G. Sinnard

Climate represents the predominant value of this property. The distinct, though slight, difference between the pleasant elevations (of Rancho Santa Fe) and the heavier air of the seashore affords an invigorating variety in temperature which greatly enhances the comfort and charm of living here.

The restrictions suggested governing cost and design of buildings, proper maintenance of orchards and improvements, make for rapid and substantial growth, and insure a desirable measure of exclusiveness and protection of values.

It is believed that enough men of large means will become home owners here to justify the organization of a (golf) club.

Facts Today, Six Years After Development Actually Began

Climate has been preeminent in attracting the people who now own Rancho Santa Fe. It makes spacious outdoor living possible, among smiling orchards, gorgeous gardens and beautiful natural beauty. Every popular recreation.

Restrictions have been rigidly enforced. Rancho Santa Fe has deviated from the original plan only in rapidity of growth. Intended as a deliberate development, it has surprised even its originators. There are now 200 estate owners, all developing their property, and \$5,000,000 has been invested.

The Rancho Santa Fe Country Club was founded in Sept., 1927, and in 30 days the necessary memberships were underwritten by property owners. The \$200,000 golf course is now building.

There is no other development like Rancho Santa Fe. Visit Rancho Santa Fe. Meanwhile, send coupon for illustrated booklet.

PETERS STOPS OAKLAND CREW

Angel Southpaw Blanks Oak Contingent After First

Arlett Clouts Home Run to Bring in Acorn Scores

Seraphs Bunch Hits, Errors to Win from Dumovich

(Continued from First Page)

Walter Berger, Krug's prize left-fielder, led the Angel attack with three singles and also provided the deciding feature of the day in the sixth when he reached over into the box seats and made a one-hand stab of Seraph's first baseman, Al Tolson, with a double and triple, and Wally Hood, with a double and single, also figured conspicuously in the Seraphs' run-producing.

The Angels got their first run in the second inning when Hood doubled to left and scampered home on Dittmar's single to right. Two checked in at the plate in the sixth, but Oakland errors helped as much as anything in the event leading up to Dumovich's downfall.

Tolson started it with a double to right and scored when Hood singled to center and Brooks bobbled the ball. Dittmar sacrificed and Hood went to third on Hannah's infield out. Peters hit an easy roller to Larry, who promptly tossed it into the dirt at first. Fenton juggled called safe, Hood scoring, but not until after Umpire Casey had seen the error of his ways and accepted Genahies's sign that he had erred when he first called Peters out.

The Oaks crabbled loud and for quite a while on Casey's reversed verdict, but they were all wrong, even if it did put them a run behind.

LOCALS GET ANOTHER

A walk to Berger, who stole second, and Tolson's triple to center added one more to the Angel total in the seventh.

The eighth saw the complete downfall of the Oaks, four runs scoring in this round on two hits, two walks and a couple of errors. After Dittmar had been thrown out Hannah walked.

Peters fanned, but Staley walked to keep the rally going. Burkett singled to left, scoring Hannah, and Staley reached third on Arlett's bouncer. Berger singled to center to score Staley and Burkett took third and Staley second on the throw-in.

When Larry threw Schumacher's roller low to first Burkett and Berger came home with the final Angel markers.

Either Howard Craghead or Pete Dugan will be on the mound for the Oaks today, while Clyde Barfoot will do the flinging for the Angels.

The score: ANGELS 11, OAKLAND 2. Hits—Angels 11, Oakland 7. Errors—Oakland 2. Bases on balls—Angels 4, Oakland 3. Struck out—Angels 3, Oakland 4. Time of game—1:10.

NEW YORK, July 12. (AP)—The boxing show at the Queensboro Athletic Club, featuring a bout between K. O. Phil Kaplan and Jack McVey, scheduled for tonight, was postponed until Tuesday on account of rain.

Rudy Kallio Twirls Sacs to Victory

SAN FRANCISCO, July 12. (AP)—Rudy Kallio pitched flawless ball today, allowing but six hits, and

San Francisco's lone counter came in the opening frame when Johnson, first man up, hit a home run.

Mouley, for the Seals, was nipped for nine hits.

Score: SEALS 1, REDS 0. Hits—Seals 9, Reds 6. Errors—Seals 1, Reds 0. Bases on balls—Seals 4, Reds 3. Struck out—Seals 3, Reds 4. Time of game—1:10.

HAINES STOPS GIANT ATTACK

Big Jess Yields Five Hits to McGraw Clan

Robins Go Nine Innings to Scoreless Tie With Reds

Root Back in Win Column as Cubs Thump Braves

ST. LOUIS, July 12. (AP)—Pounding Fred Fitzsimmons and Garland Buckeye for twelve hits, seven for extra bases, the Cardinals swamped the Giants, 11 to 1, here today in the third engagement of the series.

The game was called on account of rain after five and one-half innings had been played.

Joe Haines gave the McGraw clan only five hits, and two of these were put together in the fifth for the only New York run at a time when the St. Louis right-hander was interested primarily in getting the side out and making the contest a legal game.

Holmes and Hays each hit two doubles, while George Harper rapped out a home run with Hays on base.

JUNIOR STARS ARE REWARDED

was disqualified on his best jump, made up his deficit in the basketball event and with the trip to American almost a certainty went down to unexpected defeat by suffering a series of disqualifications in the climbing event with a final and complete disqualification for climbing while he was attempting to change his grip.

Johnny Falcon took his share of bad ones, one which lost him first place in the broad jump with the other occurring in the basketball event but had a sufficient edge in points to be able to laugh off these happenings.

It must not be understood from the officials were in any way dishonest. It was rather their interpretation of rules that have not been standardized in this sort of juvenile competition, coupled with the usual misting of close ones.

In other words a coach must always figure on the human element. Some officials have had oversight, others react badly to close finishes, some are careless or have their attention distracted at critical times and what not. The list is a long one, I have attended meets in which my athletes got all the breaks and on one occasion I stood by and watched my boys miss every one. It's the luck of the game and the only way to protect yourself is to be way out ahead.

In this particular instance all the Southern California boys are winners. They have been up against a tough proposition and they took everything with a smile. The fact that they were a flock of medals and cups is incidental because the other is the really worth-while thing in competition. Some of my older athletes could learn a great deal from these youngsters.

Tomorrow is the big day, the prizes will be awarded by the Mayor of this city or some other dignitary and then it will be all over with everybody happy to be homeward bound to California.

Missions Drub Portland, 12-2

PORTLAND (Or.) July 12. (AP)—With Herman Pilette in fine form, the Missions had an easy time beating Portland today, 12 to 2. Three Portland pitchers, Baecht, Yerkes and Orman, were all hit hard.

Score: MISSIONS 12, PORTLAND 2. Hits—Missions 12, Portland 7. Errors—Missions 1, Portland 0. Bases on balls—Missions 4, Portland 3. Struck out—Missions 3, Portland 4. Time of game—1:10.

HERMOSA BEACH IS FISHERMEN'S HAVEN

HERMOSA BEACH, July 12.—With bonita running, the rush for the barges and the piers is on over the week-end. Anglers reported many catches yesterday aboard the Olympic barge, captained by J. M. Anderson. The Olympic will maintain all night service Saturday night from the Hermosa Pier. The tenders will leave the pier regularly every half-hour throughout the night. Saturday the Kohala, one of the big barges anchored off Hermosa, will be chartered by an All-Nations party from Los Angeles made up of the Consul from all fourteen different countries. Large hauls of mackerel were taken on the barges by Southern anglers yesterday. Veteran fishermen claim the luck was never better than at present.

EICHELBERGER VICTOR

DEL MONTE, July 12. (AP)—Harry Eichelberger, 17-year-old Los Angeles lad, today continued his march toward the California junior golf championship here by defeating Bob Ballin, brilliant 16-year-old San Jose representative, 5 and 4, in the semifinals.

Fifteen-year-old N. F. Coombs of Long Beach will meet Eichelberger in the 36-hole finals tomorrow and is conceded an even chance against the older Los Angeles entrant.

Coombs was three over par and had to play super golf to win, 3 and 1, from Norman MacBeth, Jr., of Los Angeles. Coombs finished the eighteenth to make a medal score of 74, tying the best cards turned in Tuesday in the qualifying round.

PALOMAR TO STAGE COUNTY NET TOURNAMENT

The Los Angeles county championships, all events of which are to be held next month at the Palomar Tennis Club, will probably draw more than 130 single entries, it was estimated yesterday, despite the absence of many players during the summer. An assault of youth vs. age and title is expected in many of the events. The tournament dates are given as August 3 to 5.

The economy of subdividing under a Subdivision Trust

One of the principal reasons why the leading realtors of the United States convey the titles of their subdivisions to a trust company, is for the sake of economy—and principally economy of time. No subdivider is fully equipped to handle the many and varied details that can be performed so thoroughly, promptly, and accurately for him by a modern trust institution. Furthermore, purchasers of property appreciate the convenience and safety of dealing with a responsible trustee.

Our work in faithfully and efficiently serving as trustee for subdividers is a substantial part of the history of Los Angeles real estate.

MYSTERY MAN MAY BE NAMED

Glendale Woman Believes He May be Lost Veteran
Description Tallies Except in Color of Eyes

Taken Wanderer Continues to Baffle Officers

VISALIA, July 12.—James Brown, "mystery man," captured in the eastern section of Sequoia National Park several days ago after a chase of four days, may be identified as a missing man from New York, according to a letter received by Sheriff R. L. Hill from Mrs. Malcolm Sills of 1115 Campbell street, Glendale. Mrs. Sills declares that a description of Brown in the newspapers tallies with that of Milton See, missing man from Mt. Vernon, N. Y. She says that See was a World War veteran, and last seen in New Orleans. He has been missing from his home since March 11.

Description of See, as furnished by Mrs. Sills, tallies with that of Brown, except that Brown's eyes are blue, while Mrs. Sills declares that See has brown. Both have dark, wavy hair and are of similar physical build.

The man remains quiet at the County Jail and seldom gives rational answers to questions, other actions also indicating that he is a mental case. Numerous inquiries are being received by Sheriff Hill and descriptions of various missing men, none of which fit. If no clue as to his identity is received soon, authorities describing him will be broadcast over the country, as it is possible he may be a victim of lost identity.

Questioned when arrested, he claimed New York as his home state, but failed to recall his home city, names of his parents, other information of his family, his destination or the town he visited last. His trail through the forest and mountains is said to have been more like that of a wild animal than a man. He pleaded not guilty to leaving an unattended camp fire and continues to puzzle authorities. In the meantime each possible clue is being followed.

CULT QUEEN ASKS WRIT FOR RIVAL

Widow of Purnell Seeks to Stop House of David Literature Sale

BENTON HARBOR (Mich.) July 12.—(AP)—As an aftermath to the latest outbreak of hostilities between factions seeking control of the House of David colony "Queen" Mary Purnell, widow of "King" Benjamin Purnell, today sought an injunction against H. T. Dewhurst, rival for cult leadership, to restrain him from selling colony literature. She named seven of his aides as co-defendants.

Paul Perrott, one of Mary's followers, who participated in a cherry-orchard fight on the colony farm Tuesday night, filed suit for \$8000 damages against Dewhurst, a group of his followers and Frank Wyland, colony deputy sheriff.

SPANISH AVIATOR TO STOP AT VERA CRUZ

EL PASO, July 12.—(AP)—Ramon Franco, Spanish aviator, will arrive in Vera Cruz on an official trip August 4. The Spanish colony is planning a reception. Franco will not visit Mexico City, according to Vera Cruz dispatches.

BOY SCOUTS' SMOKE WAR FROWNED ON

Chief Objects to Members Interfering With Women Cigarette Users

NEW YORK, July 12.—(AP)—The Boy Scouts of America today disavowed any attempt to use Boy Scouts in a campaign against smoking by women and in a letter to the Cleveland Scout Council expressed regret that such a campaign will be undertaken.

A resolution recently adopted by the Cleveland Council voiced strong disapproval of an advertising campaign it characterized as a "seductive effort to entice America's girlhood to the habit of smoking."

Cleveland Scout officials indicated that Scouts will be asked to approach women smoking in public and request them to stop.

James E. West, Chief Scout executive, today wrote a letter to F. A. Howe, president of the Cleveland council, inviting his attention "to the fact that it is not within the province of a local or even the national council to take action in a matter of this character, involving as it does misunderstanding of the real aims and purposes of the Boy Scout movement."

Houston Heirs Sue Magazine for Damages

FORT WORTH (Tex.) July 12.—(AP)—Suit for \$600,000 damages against Liberty Weekly, Inc., publishers of Liberty Magazine, was filed in District Court today by Mrs. Temple Houston of Woodward, Okla. The four children of Mrs. Houston also are plaintiffs.

According to the petition, Liberty published an article June 9 concerning Gen. Sam Houston in which it was stated that Temple Houston was the son of the general and an Indian squaw. The article was written by Don Belts.

Steamer Badly Banged in Crash

LISBON (Portugal) July 12.—(AP)—The Royal Mail steamer Demaree, which was in collision with the British steamship Governor in a fog off Lisbon yesterday, will need at least one week for repairs. There were 181 passengers aboard the ship, only thirty of whom disembarked at Lisbon.

The Demaree, which was bound for Buenos Aires and the Governor, bound for Calcutta, sighted each other at a distance of about twenty-five yards before the crash. Some of the passengers rushed for lifeboats, but these were not needed.

The Governor continued northward, presumably for Liverpool.

La Follette Runs on Own Platform

POND DU LAC (Wis.) July 12.—(AP)—Senator La Follette of Wisconsin announced tonight that he is a candidate for re-election to the United States Congress on the La Follette minority platform rejected at the Republican national convention and not on the adopted platform.

The minority platform was presented at the Kansas City convention by Senator La Follette and rejected without debate.

Music Hall Star Kills Herself

PARIS, July 12.—(AP)—Jenny Golder, one of the most popular stars in European music halls, shot herself through the heart last night and died instantly.

Miss Golder was 23 years of age and of Australian nationality. Paris had been the scene of her greatest artistic successes in recent years. The motive for the suicide was not established.

KID MCCOY GETS OUT BUT IT'S NOT FOR LONG

SAN QUENTIN, July 12.—(AP)—Norman Selby, better known as Kid McCoy, former prize fighter and now the prison's one-man fire department, was outside the penitentiary today for the first time since he was sentenced several years ago for the slaying of Teresa Nora, a wealthy Los Angeles woman.

He was sent out to extinguish a fire which threatened the home of Robert Leland, a prison guard.

THREE FLYERS DROWN AS SEAPLANE FALLS

SPEZIA (Italy) July 12.—(AP)—Three members of the crew of the Italian seaplane S-59 were drowned when their plane fell into the sea four miles from the coast on Tuesday, the local aeronautic and naval authorities announced today. The wrecked plane has been sighted and divers have been dispatched in an effort to recover the bodies.

MASARYK RECEIVES HUGHES AT PRAGUE

PRAGUE (Czechoslovakia) July 12.—(AP)—President Masaryk today received Charles Evans Hughes, who has been visiting in Europe. The former Secretary of State continued to Vienna tonight.

THREE DIE IN BLAST OF ENGINE'S BOILER

MONTREAL, July 12.—(AP)—The engineer, fireman and conductor of a Canadian Pacific freight train were killed today near Glacier, B. C., when the boiler of the engine exploded, due to a water shortage, headquarters of the road announced.

SOVIETS' HAND SEEN IN SPAIN

Political Troubles Blamed on Red Agitators
Disturbing Elements Arrive on Russian Ship

King and De Rivera Absence Incites Plotters

BIARRITZ (France) July 12.—(AP)—Importation of soviet propaganda and agitators on a vessel bringing fuel oil from Russia is blamed by Spaniards here for new political troubles in their country. A semi-official note was issued in Madrid yesterday acknowledging that an antigovernment intrigue had been discovered.

This is a favorite summer resort for residents of certain sections of Spain and many industrial and political leaders are here. They expressed no surprise over the Madrid note, saying that reports of trouble brewing in Catalonia had been circulating for several weeks.

The explanation that the disturbing elements came in a Russian tanker was expanded by the statement that the activities of the visitors resulted only in numerous arrests among Spanish Communists.

One version has it that Andrade Festina, a widely known Spanish Communist, is among the prisoners. Another rumor is that upward of 100 arrests have been made and that some of the persons jailed are charged with plotting against the life of King Alfonso.

The Spanish explain that with the King absent in England, and Gen. Primo de Rivera on a holiday, the disaffected elements in the kingdom tried to seize on these circumstances as an opportunity to further their cause. One of the unfounded rumors is that Gen. Primo de Rivera is suffering considerably from diabetes and is really unable to continue his regular activities as head of the Spanish government.

Boy Scout Will Accompany Byrd on Polar Flight

NEW YORK, July 12.—(Exclusive)—For someone of the \$25,000 Boy Scouts of the country there looms an adventure more romantic than those of Dick Whittington or Frank Merrill. A member of the organization, as yet unnamed, will accompany Commander Byrd on his scientific expedition to study the ice age as existing in the south polar continent.

The selection of the fortunate youth has been placed in the hands of Chief Scout Commissioner James E. West of this city. The lucky Scout will by no means be a mere passenger on the expedition but will be expected to add his quota to its service. His duties likely will be general.

The 680 local councils throughout the country will be asked to nominate one candidate each before July 15 and selection will be made on August 15.

VARE WITNESS THROWN IN JAIL

Poll-Tax Collector Had Told
of Fee Frauds

Charge of Breaking Peace
Made Against Him

Arrest Held Revenge Because
of Testimony

PHILADELPHIA, July 12. (AP)—
Fred Schadt, poll-tax collector who
was a witness in the Vare-Wilson
Senatorial election contest case yester-
day, when he testified that he had
been directed by Vare to give free
poll-tax receipts to certain designated
voters, spent several hours in the county
prison today charged with breach of the
peace.

When he was released on a \$300
bond Schadt declared the charge
against him was brought in revenge
because of his testimony before the
Senate subcommittee on elections
investigating the contest.

WILSON CHARGES FRAUD
William B. Wilson, Democrat, is
contesting the election in November,
1928, of William S. Vare as a
Senator. Wilson charges fraud and
corrupt practices.

Schadt, one of many poll-tax col-
lectors to testify before Senator
Waterman, Republican, Colorado,
the only member of the committee
sitting at the hearing, said Police
Magistrate Connor, and Michael J.
Mullin, a deputy coroner, had in-
structed him to issue about ninety
receipts to voters they had indi-
cated to not receive the tax fee
from the voters.

Under Pennsylvania law, voters
who do not pay a real-estate tax
must personally pay a poll tax of
25 cents a year. Poll taxes paid by
anyone other than the voter him-
self invalidate his vote.

ACCUSED BY NEIGHBOR
Schadt was arrested early today,
charged by William Mednick, a
neighbor, with breach of the peace.
The result of an argument, Schadt
declared his arrest was ordered by
Magistrate Connor himself. Schadt's
hearing was before Connor. He was
urged to sign his own bail
bond, but on advice of counsel re-
fused to do this on the ground that
such action would be an admission
of guilt. He was sent to the
county prison and later his attor-
neys, who also are counsel for Wil-
son, obtained his release on bail en-
tered before another magistrate.

Magistrate Connor denied that he
ordered Schadt's arrest.

According to the testimony at the
magistrate's hearing, the argu-
ment which brought the breach-
of-peace charge was over the sign-
ing of a petition circulated by
Schadt for his appointment as a
division registrar. Mednick testi-
fied that Schadt had threatened
him.

SERVICE TO EXPAND
United Parcel Concern Granted

truck.

BUS LINE TO CHANGE ROUTE
SAN FRANCISCO, July 12. (Ex-
clusive)—The Los Angeles Motor
Coach Company, operated jointly by
the Los Angeles Railway and the
Pacific Electric Railway, has been
authorized by the Railroad Com-
mission to discontinue operation of
its bus line on Rosemead avenue
and Vine street between Wilshire
and Hollywood boulevards. In-
stead of that route the company will

NOTICIAS MUNDIALES DE ULTIMA HORA

Atendiendo a la importancia que tiene el estudio del español en los
Estados Unidos, particularmente en esta gran metrópoli tan inmediata a
territorio hispanoamericano, diariamente aparece en "The Times" esta
sección española con algunas interesantes noticias de última hora. Tres
veces por semana se insertará una lección práctica elemental de castellano
y los lunes encontrará el lector dos lecciones para estudiantes adelantados.
A quienes deseen aumentar sus conocimientos de español les conviene
leer esta columna todos los días.

Más de Cien Rebellados Mexicanos
Hicieron Combate

QUADALAJARA (Méjico), Julio
12.—Según informes oficiales han
sido muertos 43 rebeldes y heridos
treinta o más en tres recientes ba-
tallas libradas en la parte meridional
de Jalisco. Resultaron en ellas
tres federales muertos y tres heri-
dos.

Dicen los partes rendidos al cuar-
tel general que una fuerza de in-
surgentes, que ascendía quizá a 200,
atacó la población de Ahijalú, al
sur de Jalisco. En el combate sub-
secuente perecieron cuarenta alba-
nos y sesenta rebeldes heridos, al
paso que las bajas federales fu-
eron de tres muertos y un herido.

Hubo otro encuentro cerca de Va-
le Juárez, donde los federales ma-
taron a un insurgente e hirieron a
muchos otros, no teniendo que la-
mentar las tropas del gobierno más
que dos bajas de soldados heridos.
Cerca de Lacoza se efectuó un ter-
cer combate en el que los federa-
les murieron a dos levantados, sin
sufrir los primeros pérdidas nin-
guna.

Se Declaran en Huelga de Hambre
unos Presos Alemanes
SONNENBURG (Alemania), Ju-
lio 12.—Sesenta y cinco presos po-
líticos alemanes, entre quienes se
cuenta Max Hoelz, el "Robin Hood"
de Alemania, se han declarado en
huelga de hambre, pues temen que
el Reichstag vaya a posponer otra
vez su decisión de votar un proyec-
to de ley de amnistía.

La huelga comenzó ayer con dis-
tintos cometidos; pero hoy se han
adherido a ella cuarenta y ocho re-
clusos más, entre ellos, cinco de la
extrema derecha, convictos de as-
esinato. Se han unido asimismo a
los huelguistas cuarenta y un crimi-
nales del orden común.

La primavera próxima pasada, en
que el Reichstag tenía tempera-
mento más conservador, fracasó el
proyecto de ley de amnistía.

Acompañar un Muchacho Explora-
dor a Byrd en su Viaje Polar
NUEVA YORK, Julio 12.—A uno
de los 825,000 muchachos exploradores
que hay en este país se le en-
carga una aventura más novelesca
que la de Dick Whittington o Frank
Merriwell, pues un miembro de esa
gran institución, aún no elegido, va
a acompañar al capitán de fragata
Byrd en la expedición científica que
va a hacer para estudiar los hielos
en la zona polar antártica.

La elección del afortunado monár-
bete le ha sido encomendada al co-
misionado en jefe de exploradores,
señor James M. West, de esta ciu-
dad. El afortunado explorador no
irá tan solo como pasajero en la
expedición, sino que se le le-
preste servicios eficaces. Sus que-
haceres serán de índole general.

Se pedirá a los 800 consejos lo-
cales que hay en el país que nom-
bre cada uno un candidato antes
del 15 de Julio, y el 15 de Agosto
se hará la elección.

The central feature of the O'Brien plan is the option to tender any stock for sale to the executive committee of the bank. The executive committee has the option to purchase the stock within five days at the prevailing market price, and the power to place the stock on the market if it declines to buy. The principal section of the agreement follows:

According to its application, the new company plans to take over the business of United Cleaners and Dyers, North Side Co-operative Cleaners and Dyers, Atlas Cleaners and Dyers, Supreme Service Wholesale Cleaners and Dyers and Nurway Cleaners and Dyers, in exchange for stock. The amount of stock permitted to be issued was 358,360 shares.

STOCKS RENEW PRICE DECLINE

**Fresh Advances in Call Money
Dampen on Market**

Bullish Attempts to Climb
Downturn Fails

Brunt of Bear Raid Borne
General Motors

NEW YORK, July 12.—The stock market was again damped by the news of a fresh advance in call money rates. The market opened with a slight advance, but the advance in call money rates, which reached 7 per cent, was enough to dampen the market. The market then fell, and the closing was a net decline of 1 1/2 points. The market was again damped by the news of a fresh advance in call money rates. Values!

Illustrating how little attention was being paid to factors other than money conditions at the moment, Otis Elevator dropped back sharply in face of a remarkably good statement for the June quarter and the first six months. The company reported a balance of \$4.05 a share for the second quarter, compared with \$3.72 a share in the first half of 1927, and net equal to \$7.88 a common share for the six months, contrasted with a balance of \$5.70 a share in the first half of last year. But under prevailing speculative conditions this splendid showing seemed of little consequence.

STABLE EARNINGS

THE earnings of the PICKWICK CORPORATION are not derived from one community—or two—or three. They accrue from motor transportation lines operated in nineteen important states—involving stability of income, independent of fluctuating economic conditions in any one locality.

NEW YORK, July 12.—Close observers of the market action of prominent industrialists are satisfied that liquidation of holdings of powerful operators contributed to the large turnovers which marked the day in those particular issues. Whether these individuals, who have been credited with being largely responsible for the swift recovery from the June low levels, have experienced a definite change of opinion is, of course, unknown, but those who followed the course of events during the last day or two were satisfied that at least they were lightening holdings in a significant manner.

General Motors Selling

Huge offerings which forced General Motors down to levels more than 17 points under the high of the recent recovery, reached just before the close on Tuesday, according to floor gossip, originated with brokers who usually handle the business of an operator once prominent in its affairs. His following, including certain other individuals well known for their market activity, was also reported to unload at least a part of their large holdings of that and other prominent individual favorites, including Radio, Case Threshing, American Can and a few others.

Shorts Cover Lines

The better tone which cropped up in a majority of stocks late in the afternoon, following another flurry of selling as money rose to 7 per cent, was generally ascribed to covering of short lines. Bear traders, it was pointed out, have seen handsome paper profits accrue as a consequence of heavy selling which has swept values down severely since the opening yesterday morning, and having seen such profits fade away on more than one occasion recently, were disposed to cash in at the moment against the possibility of a rally from a temporarily oversold position.

LONDON, July 12. (By wireless.) Markets opened dull all around, though the serious trouble in the City was not apparent.

STABLE EARNINGS

THE earnings of the PICKWICK CORPORATION are not derived from one community—or two—or three. They accrue from motor transportation lines operated in nineteen important states—involving stability of income, independent of fluctuating economic conditions in any one locality.

THE INVESTOR

BY WILLIAM RUSSELL WHITE

(Copyright, 1928, by N. Y. Evening Post, Inc.)

NEW YORK, July 12.—A great many investors have been content with substantial losses in fire and rubber stocks this year, and many probably have wondered whether it is wise to continue to hold securities of this industry. A surprisingly large number of amateur investors purchased stocks of this class around the high levels prevailing early in the year, according to investment bankers. In the light of subsequent events it is plain that was the time to have sold—that is, at the first hint Great Britain might abandon the scheme to restrict output of crude rubber.

Wheat Market Points Up as Selling Eases

CHICAGO, July 12. (Exclusive)—The wheat market showed a much firmer undertone, with a materially better chance of buying than of late. Buses that usually set for cash interests and millers were persistent buyers and readily absorbed the offerings from local operators and houses with eastern connections. There was a let-up in hedging pressure, and with short covering at the close, was within a fraction of the top, with net gains of 1 1/2 cts. Local bulls supported July corn, and while prices were slightly lower early, there was a sharp rally later, with the finish at net gains of 1/2 ct., with July leading. Oats were up 1/2 ct. and rye 1/4 ct.

Bank Stocks Continue Downward While Oils Remain Steady in Local Trading

Bancitaly and Bank of Italy continued the outstanding trading yesterday on the Los Angeles Stock Exchange and again dropped to lower levels. The continuation of the high rate for call money in the New York market is held largely responsible for the depression. Oil stocks were practically unchanged, except Republic Petroleum, which bounded up 12 cents.

Bank of Italy dropped off another 5 points to close at 183 after touching a low for the day at 179. Bancitaly came in for the greatest liquidation and with a range of 11-4 points, the low at 100-1-4. It closed at 110-1/4, for a net loss of 3 points.

Los Angeles-First National finished firm at 113. California Bank fell off 1/4 to 129. Merchants' National and Security Trust and Savings were both steady at 118-1/4 and 115, respectively. People's National rights sold at 181-1/4.

In the oil division Republic Petroleum was the only one to advance.

LOS ANGELES CURB

Bank shares suffered from selling pressure in the trading yesterday on the Los Angeles Curb Exchange. Banca d'Italia touched a new low point at 7 1/4, and closed there for a drop of 1/4 from its last transaction Tuesday. Bank of America sold actively to lose 6 points to a close at 180. United Security dropped 7 1/4 from its last sales Tuesday at 181 1/4.

Pan American Western continued new, reached a new high point at 64 1/2, up 1/2.

Summit continued to lead the activity of the mines and recovered 1/2 cent to 7 1/4. Big Jim sold to a new low of 18 cents, and Comstock Silver the same, off 1 to 7 cents. Western Apex sold to a new low of 2 1/2.

LOCKHEED AIRCRAFT

Congratulations to Robert Cantwell and the LOCKHEED Monoplane-- Leader of Yesterday's Hop in the National Air Tour

Leaving San Diego ninth in a field of twenty-one planes racing in the National Air Tour, the LOCKHEED "Vega" standard cabin monoplane yesterday landed first at Mines Field, Los Angeles. Flying time . . . 53 minutes. The landing was made four minutes ahead of the nearest competitor.

Once again LOCKHEED proves its outstanding position among the leaders in the field of commercial aviation!

The planes of the National Air Tour will be in Los Angeles, at MINES FIELD, until Saturday when they will fly to San Francisco on the next leg of their scheduled 6000 mile tour of Western America.

Visit MINES FIELD and see these remarkable planes, which represent the last word in modern commercial airplane

construction. Do not fail to see the LOCKHEED "Vega" Monoplane . . . a standard model that had flown more than 20,000 miles in active commercial service before entering the National Air Tour.

This plane is a product of the LOCKHEED AIRCRAFT COMPANY, manufacturers of internationally famous aircraft. Day by day performance is proving the right of this Los Angeles company to its well-established place among the leaders of the airplane industry.

Once again we unhesitatingly recommend the immediate purchase of LOCKHEED AIRCRAFT stock. In our opinion, it is one of the most unusually meritorious speculative investment opportunities ever offered Southern California investors.

Units consist of two shares of Class "A" 7% Cumulative Preferred of \$10 par value and one share of Class "B" fully participating Common of no par value . . . at \$30 net per unit.

COOLIDGES MAKE TRIP TO OFFICE

Unscheduled Call Lasts Only Few Minutes, But Large Crowd Gathers

SUPERIOR (WB.) July 12. (AP) - Breaking his custom of appearing at his office only on Tuesdays and Fridays, President Coolidge abandoned dining on the Brule River today for the time necessary to motor to Superior to look over his correspondence, hurrying back to Cedar Island Lodge.

Mrs. Coolidge, who had never been inside the executive offices, accompanied him to town and sat by the Chief Executive's desk during the short period the latter stayed in his office. It was said authoritatively that no special business had brought Mr. Coolidge to Superior, but that he had been urged by the apparently beautiful weather to take an automobile ride.

Although their arrival in Superior was as unnoted as it was unexpected, large crowds waited for Mr. and Mrs. Coolidge as they emerged from the executive offices to return to the lodge. Mrs. Coolidge, wearing a white skirt topped by a vivid red coat, appeared even more vivacious than usual and aroused much applause from the onlookers.

BARBER FALLS DEAD AT WORK

Spring-Street Shop Employee
Collapses Just After
Shaving Man

Walter P. Marshall, a barber at the Winter Garden shop at 523 South Spring street, gave a few deft strokes to a customer's newly shaven chin, unthinkingly the hair-cloth and whisked it away. The customer turned to thank him and was talking to Marshall as he straightened his tie.

Marshall collapsed, was rushed to the hospital and was found to be dead when he arrived there. He was 65 years of age, resided at 434 1/2 West Forty-second street, and had never been ill. His body now is at the morgue, pending an inquest.

CITY WILL KEEP ITS HAND OUT

Council Creates Post of
Official Gift Receiver for
Los Angeles

The City Council filled a long-neglected municipal job yesterday—the Council created a job of official gift receiver for Los Angeles.

For years many people have been wanting to give things to the city of Los Angeles, but there was no person to whom to give them. The framers of the new charter created a gift department to be known as the department of gifts.

So the Council yesterday adopted the necessary ordinance creating the position of director of gifts. His job will be to accept gifts for the city. He will then call to the attention of the Board of Trust Commissioners that something has been presented to the city, and the board will adopt a resolution accepting the gift.

The salary of the director of gifts will be \$500 a month, and he will have a clerical staff supplied by the city. The Board of Trust Commissioners will name a person to be the director. He will be supplied with an office.

Grandmother "Hitch Hiker" Arrives Here

Mrs. Carmelita Irwin, 90 years of age, mother of sixteen children and a great-grandmother, who spends her time hitching over the country, has arrived in Los Angeles and intends to remain in the city for a few days.

Mrs. Irwin recently traveled through fourteen states at the cost of 12¢ a day. She traveled by foot, on horseback, and by train. She is now in Los Angeles for a few days, and then she will continue her travels.

Mrs. Irwin is a widow and has sixteen children. She is now in Los Angeles for a few days, and then she will continue her travels.

ERUDITION ON UPGRADE IN COUNTY

Library Reports Great
Gains in Volumes Taken
From Its Shelves

Los Angeles county is daily becoming more literary. The proof is in the latest report of the County of Los Angeles Free Library, which shows an increase of 401,706 volumes taken from its shelves during the past year. The total of books received from the library by citizens in the county in the past year was 2,102,782, which is an increase of 23.8 per cent over the preceding year.

This record exceeds that of libraries in Pittsburgh, Indianapolis, Cincinnati and other cities.

The Los Angeles County Library is unique in that its service to suburban and rural communities is excellent anywhere in the country. Its 224,181 volumes are distributed and at work in 157 settlements or communities, which vary in size from cities like Burbank, Compton, Huntington Park and Inglewood to groups of just a few families.

During the past year 58,000 volumes were delivered by the central library on a route traversing the county from end to end.

Death Claim Presented in Dam Disaster

The city of Los Angeles continues to receive damage claims for loss of life and property resulting from the collapse of St. Francis dam. One was received yesterday for \$10,000 from Dora E. Stroud on account of the death of her husband, William T. Stroud, in the St. Francis reservoir flood waters.

All claims are being sent to City Attorney Stephens for investigation and report and claims verified and approved will be paid from the proceeds of a series of special bond issues to be authorized by the City Council. These claims may total \$10,000,000.

MASONS MEET TODAY
 Gerhard Foerster, violinist, and Freeman High, tenor, will provide the program at the luncheon of the Masonic Club of Los Angeles today. Dr. W. B. Pettus of Peking will speak on "Conditions in China Today."

BOMBS FOUND EVACUATED
 Frank Harris, prosecuting a case for divorce, appeared before Superior Judge Hight yesterday and testified that he went home from work one day and found all his furniture sold, his car and wife Edith gone. She sold all the furniture, took the proceeds and left in the car, the husband declared. The decree was granted.

STUDENTS TO SEE MT. LOWE
 Mt. Lowe will be visited by students of the University of California summer session in Los Angeles on an excursion tomorrow. The director of recreation, Paul Frampson, has arranged a series of such excursions to places of interest in Southern California. Other trips will be to the Huntington Library, Catalina and Mt. Wilson.

AIR TOURIST PLANES ARRIVE

Cantwell Leads in Jump from San Diego as 30,000
Greet Incoming Pilots

In just fifty-three minutes and fifty-four seconds after he took off from San Diego, Bob Cantwell, flying an orange-colored Lockheed monoplane, flashed across the finish line at Mines Field yesterday to lead twenty other flyers in the national tour from Detroit to the Pacific Coast and return. The flight from San Diego to Los Angeles was just one leg of the national tour.

Even the most ardent of the promoters of the air tour were amazed at the size of the crowd that turned out yesterday to welcome the air tourists to Los Angeles. Conservative estimates place the number of persons at the field at 30,000.

The arrival of the planes proved to be one of the most spectacular and interesting air events Los Angeles has witnessed.

SCORED ON EACH LEG
 The air tour is in the nature of a contest for speed and efficiency, each plane and pilot being scored at the completion of each leg of the flight. The planes are competing for the Edsel B. Ford \$7000 efficiency trophy and for cash prizes and bonuses totaling more than \$12,000.

At the completion of yesterday's flight, John P. Wood, flying a Waco biplane powered by a Wright J-3 motor, was leading the contestants in points. He was the winner of last year's air tour and of the derby from New York to Spokane.

DAVID LEVY SECOND
 Cantwell in his trim monoplane, its orange body flashing in the sky, came shooting across the finish line with a roar, then suddenly soared upward and away to make room for those to follow.

Capt. R. G. Green of Dayton, O., clocked Cantwell in at two minutes and forty-one seconds after 3 p.m. The second man to slip over the finish line was David P. Levy in a Stearman biplane. His time from San Diego was 56m. 14s. The familiar Ryan monoplane, of the type flown by Lindbergh, was third to arrive, piloted by Vance Brees. Fourth was Richard W. Fears in a Fairchild monoplane and Jay Badowsky in a Swallow biplane was fifth.

By that time the air was fairly alive with airplanes slipping and soaring, roaring and gliding. Gaps of astonishment and even apprehension came from the great crowd of spectators as many of the racers, upon roaring across the finish line quite close to the ground so that the judges in the stand could catch their numbers immediately soared upward, so rapidly that their planes seemed to stand still but perpendicular in the air. They would wheel then right or left, circling the field and awaiting their turn to land and taxi to their appointed places on the ground.

CROWD BREAKS ROPES
 Despite the strenuous efforts of motor police and a corps of deputy sheriffs under Chief Deputy Peoples the excited crowds swept through the barricades and swarmed about the planes.

(Continued on Page 2, Column 5) In September.

**Rotating Wing
Plane Invented**

Horace Kipling, of this city, has applied for a patent on an airplane with rotating wings, which he says will be stall-proof and capable of making safe vertical landings.

In appearance the California rotary will resemble Clevair auto gyro but whereas the auto gyro is automatically stable, and its wings automatically rotated, the wings of the California rotary will be positively driven and the stability of the machine effected from the control stick.

The plane will be entered in the Guggenheim Safety Contest and a trial machine may be built for the forthcoming national air race here.

BUT IT'S FINE FOR BLACK CATS

Are you superstitious? If you are this is one of those days, for it is Friday the 13th. This is the day when people who aren't superstitious, but just don't take any chances, refuse to light three on one match.

Half the world believes the combination of the sixth day of the week and the thirteenth of the month is a jinx. The other half jeers loudly.

But no matter who's right you'll have to admit that on this day it is bad luck to: Talk back to a traffic cop; default in your payments on the car; ask for a second part of butter in a cheap restaurant; or Indorse notes for strangers.

If you don't believe it—try it.

NOISE MADE BY CHILDREN PROTESTED

Neighbors Believe Their
Jollity Has Altogether
Too Many Echoes

How much is a reasonable amount of noise for eighteen small children to make?

This is the serious question with which the members of the City Council's Public Welfare Committee is wrestling and to which it is trying to find an answer that will be satisfactory to both sides.

Los Angeles Folk Turn Enthusiastically to Use of Flying Lines

During June 1425 paid passengers were carried on the four aerial transport lines operated by Western Air Express, Inc., according to Harris M. Hainsworth, president and general manager of the company.

The report shows 831 passengers carried last month on flying boats between Wilmington and Catalina. During the same month 250 passengers were carried on the line between Los Angeles, Oakland, San Francisco, Salt Lake City and Denver.

Of through passengers, the report shows that approximately one-third were women. One woman 80 years of age made the flight from San Francisco to Los Angeles. Five mothers with babies in arms have made the flight between the two cities. A Los Angeles attorney, Mark M. Cohen, holds the record of having made the round trip between Los Angeles and San Francisco four times.

**Macloon's Tax
Liens Released**

Three income tax liens, amounting to \$186.83, for three months in 1927, against Louis O. Macloon, theatrical director, were released yesterday in United States District Court.

Macloon also stands accused of having failed to make proper returns on admission taxes while he was manager of the Hollywood Music Box Theater. This case is pending.

BOND PAYMENTS SET MARK

City Treasurer Powell announced yesterday that during the past month he took in over his counters and by mail \$2,000,000. He had more than 300,000 customers who either called in person or who sent in their checks by mail. Unfortunately for him and the city government of Los Angeles, Mr. Powell cannot keep the money, but will begin paying it out next Monday morning to owners of Los Angeles street improvement bonds for whom the city collects the annual interest and principal charges and semiannual interest payments on outstanding Los Angeles improvement bonds.

These bonds are issued to cover assessments for street improvements. The assessed property owners pay off the bonds in ten years.

FINAL PAYMENT DAY

The 2nd inst. was the last day for paying, with penalty for delinquency, the annual interest, and principal payments on Los Angeles street bonds. During the last week preceding the 2nd inst., more than 10,000 people called at the City Treasurer's office at the City Hall and handed over their payments.

In the days of the old City Hall these semiannual payment periods on bonds showed long lines extending from the City Hall for nearly a block. City Treasurer Powell laid out the plan of his offices in the new City Hall and this year's bond payment time showed the efficiency of the new and larger quarters. Eight cashier's windows were open from 8 a.m. until

PLAZA STATION ORDER SOUGHT

City Brings Proceedings at
Washington

Asks Court to Mandamus
Commerce Board

Latter Welcomes Suit But
Roads Will Oppose

City Attorney Stephens announced yesterday that the first step of the city of Los Angeles to place the Plaza depot case before the Supreme Court of the United States for final decision as to the right of the Interstate Commerce Commission to order the railroads to build the passenger station was taken in Washington yesterday. This action was the filing of an application in the District of Columbia Supreme Court for a writ of mandamus to compel the Interstate Commerce Commission to issue an order requiring the railroads to build the station. The city's action is not objected to by the Interstate Commerce Commission, but will be resisted by the railroads.

TEST OF POWER

"The action started yesterday," said City Attorney Stephens, "is to obtain a final decision as to the right of the Interstate Commerce Commission to compel the railroads to build the passenger station which the commission twice has held is required in the interest of the public necessity and convenience of the people of Los Angeles. The commission doubts its authority to require the railroads to build the station. The city contends that the law gives it the right to order them to build the station."

"The facts in the Plaza district union depot case all have been decided long ago by the California Railroad Commission and the Interstate Commerce Commission in favor of the union station and against the railroads," Stephens said. "The city's substitute plan of linking the Arcades and Santa Fe depots by means of an 'L'." The only question remaining is a legal one as to the right of the Federal commission to require the railroads to build the depot.

CONFIDENT OF VICTORY

"I feel confident that the city will obtain the writ of mandamus it asks for," Stephens said. "The Supreme Court ultimately, for the side that loses will appeal. I am equally confident that the Supreme Court will rule with the city—that the Federal commission has the right to compel the railroads to build the depot."

This is the last step in the city's twelve-year battle for an adequate union railroad passenger depot for Los Angeles. An confident that the people will win, as they have won consistently before courts and commissions against the resistance of the combined railroads.

Decisions from Washington state that Justice Jennings Bailey of the District of Columbia Supreme Court issued an order to the members of the Interstate Commerce Commission to show cause on August 5 why the writ of mandamus should not be issued.

The city of Los Angeles will be represented at the District of Columbia Supreme Court hearing by City Attorney Stephens and his special assistant, Max Thelen, former president of the California Railroad Commission.

**City Club Talks
Feasibility of
"L" Railroads**

Discussion of means to decrease traffic congestion at the luncheon meeting of the traffic and transportation division of the Los Angeles City Club yesterday, consideration of the proposed "L" railway system to remove rapid-transit interurban cars from the surface rail lines.

S. A. Jubb, presiding chairman, read several reports of surveys in Los Angeles favoring removal of interurban cars from streets running north and south.

It was suggested that the traffic division recommend the erection of an elevated railway with elongated terminals providing stops in the downtown district.

The Lancer

Harry Carr

M. JIMMIE WALKER, the world's most fastidious Mayor, becomes at times a trifle cloying.

If that is his "line," nobody objects to his hanging wearily around the outside of the door as he can arrive late; and his hair and his pajamas are his own affair.

But he had better take his brand of politics back home to Tammany Hall.

As, for instance, when he threatens the movies with Sunday closing of theaters if they turn Republican. It has generally been supposed that Sunday closing was a matter of conscientious—even if mistaken—religious zeal; not a weapon to punish political enemies.

FIGHTING CHINESE

A newspaper correspondent who has lived in China since 1929 says the Chinese will go on fighting for 100 years.

And he is probably more or less right. However, the fighting is accomplishing a certain good for China. The hate to national science and patriotism in that country has been lack of interest. Two Chinamen, living 100 miles apart, have to talk to each other in pidgin English, because they can't speak the same Chinese dialect.

The continuous fighting is at least accomplishing the purpose of mixing the ingredients of the chop suey which is China. They never will get anywhere until they know each other better; and they are getting acquainted rapidly even if by bullets.

MOUNTAIN FIRES

The American Legion of Sacramento has organized a company of 500 minute men to fight forest fires. Through this enlightened plan it will be possible to concentrate a large force in two hours at the scene of any mountain fire near Sacramento.

This is likely to be a bad year for fires. It is getting so every year is a bad year. Despite every human precaution, these fires can be expected every summer. They threaten one of the most charming features of life in Los Angeles, the vast wilderness playground around our doors.

"SPEED MONEY"

The French government is worried about the "speed money" given as bribes to hustle along American divorcees. They seem to have thought of every device except punishing the officials who take the bribes.

HEART AUCTIONS

Another young lady, wrong to squish by the hunger of her parents for food and her own hunger for notoriety, has "auctioned" herself to a one-legged veteran of the Spanish-American War.

And, like all the others, she has weighed on the bargain. The most interesting facts about these notorious "speed money" auctions seems to come out after the story fades from the front page.

"AMPLE FUNDS"

It is announced that Hickman has "ample funds" for prosecuting his appeal to the United States Supreme Court. It would be interesting to know where these ample funds are coming from. It is costing a lot.

SPORTSMAN RECOVERING

George T. Cline, sportsman, is recuperating from his recent fourth of July accident. He was injured by the premature explosion of fireworks at Balboa. For a time he was in the hospital but all danger is now past.

They exalted womanhood and placed women on a higher plane. An eloquent appeal also was made by a group of delegates from the Philippine Islands in a tableau in which they revealed the great progress made in spreading the Christian religion in the islands and the need for furthering that work. The United States was praised repeatedly during the course of their speeches for the assistance that has been given the natives. It was pointed out that this country has established schools for the universal training of the Philippines.

Matias Cauda, who said he represents more than 400,000 Moros, declared that divine providence had sent America to the Philippines. "By your sympathy," he said, "and your wisdom you have inspired our people. You have abolished slavery and other vices in our native land and you have elevated our womanhood. You have established schools and paved the way for our intellectual development and now we hope that through your great Christian organization you will help to bring Christ to our land."

DELEGATES THRILLED

Miss Violet Mahanya of Natal, Africa, a native Zulu who received her training and education in the mission schools, thrilled the delegates with her account of the religious work being done among the natives of her land. She spoke English fluently, and read and sang selections from the Bible. She called upon the delegates to remember that the black man had a soul just as white men have, and that the mission work that has been done among them and asked that it be continued.

She is studying in this country and hopes soon to return to her native land to carry on the teaching of Christianity. She believes that the small corps of natives now being instructed to preach to their own people will hasten the spreading of the Christian religion in Africa.

Dr. Royal J. Dye of Bolingbroke, Ill., presiding at the convention, said that the progress being made in the missionary work in Central Africa and pointed out that today there are 600 native trained as preachers and Sunday school leaders, who are going out to spread the gospel among their own people.

RECORD DISTANCE

Rev. T. Gamble of Cape Province, South Africa, representing the South African National Sunday School Association, and Mrs. M. E. Honey, a delegate from the same province, have the distinction of having traveled a greater distance to reach the convention than any of the delegates present. More than 19,000 miles were traversed by them in their trip to Los Angeles. Mr. Gamble yesterday read the report of his association and in it detailed the progress that has been made in religious education throughout Southern Africa.

Dr. W. J. Fullerton of London, speaking with a slight Scottish burr in his voice, called upon the churches to see that they are made inviting to the children. Every time the church meets the children should find themselves welcome, he said. He advised more meetings at the church attended by both parents and children. The family perv, he declared, is the backbone of the church.

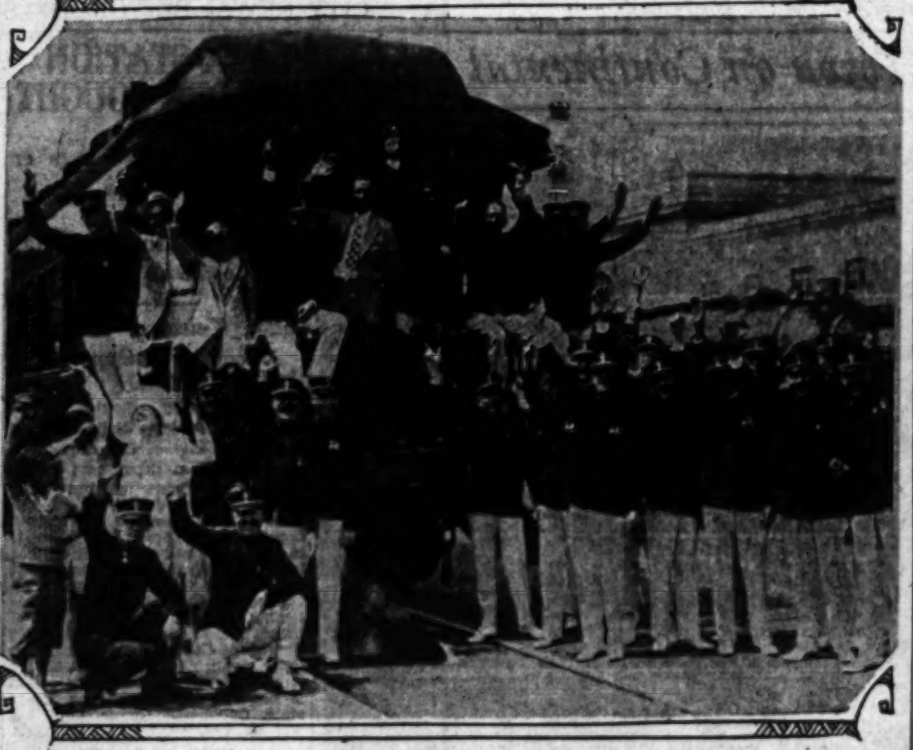

CALIFORNIA WORKER

Miss Meme Brockway, who delivered the principal address at the afternoon session, while at present assigned to work in the East, considers herself a Californian. She was for a number of years state superintendent of children's work for the Southern California Sunday School Association and also was president of the Los Angeles Great-Union of Sunday School Teachers. She joined the Northern Baptist Convention in 1914 and at present is director of children's work.

A year ago she was loaned to the World's Sunday-School Association by the Baptist convention to make a tour of the world to meet Sunday-school workers and instruct them in some of the newer phases of Sunday-school instruction. She recounted her experiences in

TEMPLARS DEPART FOR CONCLAVE AIR OFFICIALS COMING HERE

More Than 200 en Route East in Special Train

Six Knights Happy on Departure Here is shown a group of local leaders of the Knights Templar, leaving Los Angeles for Detroit. Dr. W. T. Holman is in the center on the car platform.

MORE than 200 local Knights Templar, delegates to the triennial conclave, left yesterday morning by special Union Pacific train for Detroit, where the conclave opens for six days next Monday morning.

Two local commanderies, Los Angeles, No. 8, and Golden West, No. 43, as well as a delegation from Monrovia were included in the party. One of the features of the conclave is the national competitive drill. Each of the thirty-five members of the winning team will receive a \$250 gold watch. Dr. W. F. Holman commands the Los Angeles team; F. M. Sullivan, Golden West, and E. A. Evans the Monrovia commandery.

The Los Angeles special will unite with a similar delegation from Northern California, which left San Francisco yesterday, at Ogden, a special trip to the summit of Pike's Peak has been arranged.

Among the prominent Knights on the twelve-car special are Col. Andrew J. Copp, Jr., eminent Grand Commander of California; Arthur S. Crites of Bakersfield, present Grand Junior Warden, and incoming Grand Master of California; Aubrey Rivers Parke, Grand Captain-General of California, and Perry Weidner.

The delegates did not charter a special train for the return trip, many of them, accompanied by their families, planning vacations in the East.

Regret Expressed on Failure of Bond Issue

THOUGHT PROBLEM SOLVED

"It was our impression," Mr. McCracken wrote, "that a satisfactory solution had been reached last March, when a bond-issue proposal was submitted to the voters. It was of course a disappointment to learn later the bond issue had not been approved."

on his list and departed. The committee, composed of former Chief Justice Myers, John C. Mott and Jefferson Chandler, ruled tentatively in favor of Judge Wood's contention.

Bert Eaton, who arrested Allen in company with Ryan, testified that on one occasion, prior to the dismissal, Ryan told him that in the event "anybody" was in the bar, he would get a nice cut out of the bail money."

Brilliant Zulu Girl

Another guest helping to welcome the visitors was Mrs. Philip Gembere Hubert, who was president of the Ethel Club in 1928 and now resides in New York between trips to Europe.

Little Miss Vandergrift, a life-long worker in Sunday-schools, was an invaluable deputy liaison. As also was Miss Elsie Newton of the Y.W.C.A. branch of the International Institute.

One of the most interesting in the delegation was the Zulu delegate from South Africa. She not only makes a corking good speech, but is a charming social conversationalist, and may well be proud of her dashing ebony complexion. She assures us that her people have become highly civilized, very few left who consider a row of beads an adequate costume.

and in the afternoon and evening the delegates will attend denominational gatherings in all parts of the city.

FUND FOR NEAR EAST RELIEF INDORSED

Indorsement of a campaign for Relief work featured the dinner conference of 200 delegates of the World's Sunday-School convention last evening at Hotel Clark.

The resolution was introduced to the gathering by Prof. Edward Raf-

erty of Redlands University. Its adoption was followed by an address by C. V. Vickrey, president of the International Near East Relief Association.

Sunday-schools have played a major part in contributing more than \$100,000,000 to relief in the Bible countries, Mrs. Vickrey declared.

FIVE TAKEN IN RAID AT HOLLYWOOD

Suspects Captured at House Patronized by Film Workers Fined \$10 Each

Said to have swindled employees of motion-picture studios out of their weekly salaries by means of gaming devices five men were arrested by Detective Lieutenant McMullen and his Hollywood gambling squad yesterday in a raid on a house at 5908 Sunset Boulevard.

The raid followed complaints by several film producers. A truckload of gambling paraphernalia was confiscated by the officers.

Louis Mahut, 42 years of age, was charged with gambling and possessing gaming devices and a raid on other four believed by police to have acted as decoys, were booked on gambling charges. They gave names as Lucian Espinosa, 33; John Ryerson, 32; Abraham C. Blakesley, 34, and Fred P. Gilroy, 25. They pleaded guilty in Municipal Court and were fined \$10 each.

PROTESTS DENIED

Protests against the widening of Fifteenth street from Mariposa avenue to 142nd street were denied by the City Council yesterday.

SLAIN-GIRL TRAIL LEADS TO BAY AREA

Japanese Murder Victim Found on Downey Road Believed from Oakland

Belief that the 17-year-old Japanese girl who was shot to death and thrown from a speeding automobile near Downey Tuesday night, was a resident of the San Francisco Bay district was crystallized yesterday, when Capt. William J. Bright received information that a service-station operator near Downey had seen a Japanese girl in company with two men the night of the murder and overheard them discussing Oakland affairs.

The service-station operator told officers that the girl closely resembled the murder victim. She was in company with two Japanese men who were driving a large automobile. While the car's gasoline supply was being replenished they spoke frequently of the Los Angeles county climate comparing it with that of Oakland, according to Capt. Bright's information at the Sheriff's office.

Efforts to identify the girl by officers and representatives of Japanese consulates yesterday were fruitless. Capt. Bright stated.

THE COUNCIL submitted a \$20,000 bond issue for the purchase of three sites—Vall Field on Telegraph Road, Mines Field near Inglewood, and Hansen Field in the San Fernando Valley, of the latter, Mr. McCracken in his letter said:

"It is believed that the recommended sites could have been developed into suitable and adequate airport facilities for the city had the project been carried forward to a successful conclusion."

San Diego police are closely guarding the Mexican border and are searching their city for a dapper lone bandit who, it is believed, is waiting to cross the line into Mexico with \$100,000 worth of gems taken in a daring daylight robbery in this city Wednesday.

The identity of the man sought is known, but his name is being withheld by the police, who are working on the theory that the thief has gone south to make his way across the line, where a market for his plunder may be found.

The bandit has been identified as a convicted felon who recently escaped from an eastern prison. On Wednesday he accented Jacob Peri, San Francisco diamond importer, in a corridor of the Jewelers' Building, and at the point of a revolver took a brief case containing \$100,000 in unset diamonds.

REMARKABLE WOMAN

BY BAILEY MILLARD
Had she lived two months longer Mrs. Eleanor Martha queen of San Francisco's No

Mrs. Martin was of Irish birth. As young Eleanor Downey she came to Los Angeles via Panama with her brother, John G. Downey, who became rich be-

cause of large investments in local real estate. Mr. Downey was elected Governor of California in 1859. The town of Downey, in Los Angeles county, was named for him. Maj. Harvey who cut rather a wide swath locally in the early days, married Eleanor, and a son of the

After a few years the Harveys moved to San Francisco, and lived for a time on Rincon Hill, then the social center of the town. Maj. Harvey died in 1877 and several years afterward his

widow married Edward Martin, a San Francisco financier, one of the directors of the old Humboldt Bank, who passed away years ago, leaving an immense fortune.

When the Stanford-Huntington-Crocker group built the

BY JUANA NEAL LEVY

One of the lovely affairs of recent date was the sports dance with which Miss Dorothy Potter, attractive daughter of Mr. and Mrs. J. A. Potter of Lindbrook Drive, Westwood Hills, entertained Saturday evening, the guests including many of her schoolmates. The house was decorated with a profusion of roses and ferns, and among those enjoying the evening were Misses Betty Higbie, Kathryn Keeler, Jane Foster, Betty Van Trees, Alicia Mae Raddus, Virginia Parker, Carolyn Hirsch, Jessamine McCollum, Elizabeth McCollum, Dorothy Cameron, Marjorie Shafer, Cheridoh Babcock, Alice Marie Gardner, Rennie Pain, Monroe and Henry Sulpero, Marshall Morrison, Drew Westrum, Howard Jacques, Albert Harrison, Fred Alexander, Victor Conrad, John Jones, Vernon Johnson and John Potter. The dance was followed by a supper party and an all-day beach party at Manhattan Beach, the guests including a small coterie of intimate friends of the hostess. Miss Potter is an alumnus of Westlake School for Girls.

At Chevy Chase
Delta Zeta chapter of Delta Sigma fraternity gave a delightful dinner for its new members at the Chevy Chase Golf Club Sunday evening, the decorations consisting of the fraternity emblems done in miniature. A. D. Stewart presided

as toastmaster and among the guests of honor were Walter Peterson, William A. Weiss, Vernon Foster, William H. Kissell, Ray Newman and Aubrey Holmes.

Smart Affair

Miss Blanche Wardle of Durban, South Africa, is the house guest of her aunt, Mrs. Edward Wardle of 10 St. James Park. Mrs. Wardle and her daughter, Miss Inez Wardle, entertained with an elaborately appointed tea Tuesday afternoon. The guests included Miss Cecelia Davidson, Mrs. Roland Diggle, Mrs. Herbert Doty, Mrs. Holmes Ellis, Mrs. Caberl O'Connell, Mrs. Clarence Parlor, Mrs. Donald Preece, Mrs. Charles Turner and Mrs. Mariah Wheeler.

Many delightful affairs are planned for the summer months. Mrs. Charles Turner entertained with a bridge-luncheon yesterday and Mrs. Herbert Doty is entertaining Saturday evening.

In the Yosemite

Many Southern California social leaders have been enjoying the mild summer weather prevailing in Yosemite, especially the ever-changing beauty of the vernal valley as summer nears midseason. Swimming, horseback riding and hiking are the most popular daytime attractions, while dancing is the favorite evening sport. Distinctive of Yosemite, of course, is the nightly firefall from Glacier Point. This spectacle of a mighty bonfire being shoved over the gray granite canyon walls for a half-mile drop always holds the interest of valley visitors, and particularly so at the Ahwanee, where the view is finest.

Mr. and Mrs. W. W. Orcutt, Dr. and Mrs. T. R. McNabb and Dr. E. C. Moore were registered at the Ahwanee during the week.

Retrospective Announced

At a very attractively arranged orifice luncheon given in the Egyptian room of the Sea Breeze Beach Club last Saturday, Mrs. A. J. Schutte of Hollywood announced the engagement of her daughter, Miss Mary O. Schutte, to A. J. Haggerty, Jr. The luncheon table was decorated with a large floral centerpiece, the color scheme carried out in the blending shades of other flowers which were strewn from one end of the table to the other.

Among the guests were Mrs. J. W. Haggerty, J. W. Haggerty, Jr., A. J. Haggerty, A. P. Macy, E. L. Overholt, M. K. Filmore, Lillian B. Ulrey, R. T. Sneed, M. J. Cassidy, R. U. Jordan, J. S. Mrs. Edred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

LACTIC ACID MILK SIMPLE TO PREPARE

Ever since a recent article in this department opened up the subject of lactic-acid feedings there has been a steady demand for instructions on how to make lactic-acid milk. Just because of the novelty mothers may have some fear of it, but it can be said with perfect truth that lactic-acid milk is very nearly a "foolproof" feeding. Its method of preparation is the same for the small baby as the older one, the only difference being the amounts fed at different ages. And of course if a growing baby demands more and more food this becomes largely a matter of the child's appetite. There are limits to the amounts fed any child and this limit is eight ounces. More than

Here's a recipe for coolness: At breakfast, take a bowl and fill it full of crisp Kellogg's Corn Flakes. ★ Pour in cool milk and add some fruit for extra flavor. Next a spoon—then, just enjoy yourself! Repeat at lunch, if you like (and of course you surely will).

Kellogg's CORN FLAKES

★ Kellogg's are the original! The world's most popular corn flakes! No imitations have ever equaled their wonderful flavor and crispness.

Serve Kellogg's for lunch and dinner as well as breakfast. For the kiddies' supper. Never tough—thick—but extra crisp. Always easy to digest. Delicious with milk or cream—with fruits or honey added.

Order at hotels, restaurants, cafeterias. On dining-cars. Sold by all grocers. Made by Kellogg in Battle Creek. Always over-ripe! Look for the famous red-and-green package!

STUDENT OF FARM NEEDS VISITS HERE

Magazine Writer Lays
Hoover as Executive Who
Can Solve Problem

Samuel Crowther, author and magazine writer, accompanied by his wife, arrived here yesterday on a national tour in the study of the co-operative movement in its relationship to agriculture. "I am satisfied that Hoover is far and away the most popular candidate in the farming sections of the North and Northwest. The only way to help the farmer is to give him a business executive who knows something about the needs of agriculture and the farmer."

Naturally RED CROWN AVIATION GASOLINE fuels the planes of the NATIONAL RELIABILITY TOUR on the Pacific Coast

Naturally the airplanes of the National Reliability Tour are fueled, while on the Pacific Coast, by Red Crown Aviation Gasoline. "Naturally," because the world of aviation knows no finer fuel—because a Reliability Tour demands a reliable gasoline. The Annual National Reliability Tour is the World's greatest test for airplanes: day after day of flying, under varying conditions—a test for plane and motor. For a pilot to be selected for participation in this tour is a compliment—to be a trophy winner is an Aviator's Triumph.

Red Crown carried Lindbergh and Byrd across the Atlantic—Maitland, Smith and Jensen to Hawaii, and many another flier on hazardous venture—where the difference between good fuel and bad might have been the difference between life and death. It has now been chosen for the National Reliability Tour, for the same reasons that multitudes of motorists use Red Crown Gasoline—Speed, Power, RELIABILITY.

Sedate Officer

If you were a policeman and, while placidly walking your beat, you saw a middle-aged woman sliding down the banisters of a church stairway, shouting: "I'm a Roman, and I'm proud of my religion," what would you do?

Well, that's what Officer R. M. Anderson did yesterday when he discovered Rose Harter, 43 years of age and residing at 1034 East Fifty-second street, scotching bitterly down the banister of a church at Fifty-first and McKinley streets.

The officer followed her when she tried to escape, and proceeded down the street. When she lifted her skirts and did a typical spring dance down Fifty-first street, Officer Anderson was close behind.

When she urged a group of little girls to join her he closed in. "What sliding and dancing she does, for some time to come, will be done at the psychiatric ward of the General Hospital."

The Philippine Insurrection. The Capture of Caloocan.

by J. CARROLL MANSFIELD

SCENE OF THE FIGHTING WITH THE FILIPINO INSURGENTS AROUND MANILA, FEBRUARY 1899.

FOLLOWING THE DEFEAT OF THE FILIPINOS IN THE FIGHTING AROUND MANILA, FEBRUARY 4TH AND 5TH, 1899, AGUIBALDO, THE INSURGENT LEADER, WAS REPORTED TO BE RALLYING HIS FORCES AT CALOOCAN, NORTH OF THE CAPITAL ON THE MANILA-DAGUPAN RAILWAY, FOR ANOTHER ATTACK UPON THE CITY. GEN. ELLWELL OTIS RESOLVED TO ANTICIPATE AGUIBALDO'S PLANS, AND ATTACK HIM AT ONCE.

FEBRUARY 10TH, THE 20TH KANSAS, 1ST MONTANA AND 3RD ARTILLERY (THE LAST SERVING AS INFANTRY), SUPPORTED BY THE 1ST IDAHO AND THE 4TH CAVALRY, ATTACKED CALOOCAN. AT THE SAME TIME THE UTAH BATTERY AND THE 6TH ARTILLERY SHELLED THE INSURGENT TRENCHES. WHILE THE WARSHIPS "CHARLESTON" AND "MONADNOCK" BOMBARDED THE TOWN FROM THE BAY.

THE AMERICAN "DOUGHBOYS" CHARGED GALLANTLY THROUGH A RATTLING FURILLADE AND CAPTURED THE ENEMY'S WORKS. THE FILIPINOS FLED, SETTING MANY NIPA GRASS SHACKS AFIRE IN THEIR RETREAT. AT 5:30 P. M., AFTER TWO HOURS OF FIGHTING, THE AMERICAN FLAG WAS RAISED OVER THE TOWN. THE CAPTURE OF CALOOCAN GAVE THE AMERICANS CONTROL OF THE MANILA-DAGUPAN RAILWAY.

THIS ENABLED THEM TO BRUSH THE ENEMY RAPIDLY AND INVEST MANILA. THE AMERICANS HELD BY THE INSURGENTS. THE AMERICANS KILLED AND 100 WOUNDED. WHILE THE AMERICANS TAKEN PRISONERS.

IN COMMEMORATION of the seventy-fifth anniversary of the founding of the State Agricultural Society and as a tribute to William Wolfkill, who was one of the first settlers here to recognize the possibilities of agricultural development, directors of the State Board of Agriculture yesterday planted an orange tree in the Forest of Fame in the California Botanic Garden. R. A. Condee, president of the society, assisted by Lieut.-Gov. Fitts, planted the tree.

Following the planting, the visiting agriculturists, who are here for the first session of their board ever held in Southern California, were the guests of the Botanic Garden at a picnic luncheon in the garden. Condee, presiding at the luncheon, gave a brief history of the Agricultural Society beginning with its organization in 1853 up to its present status as a society which plays an important part in the agricultural interests of the State. He told, briefly, the history of William Wolfkill, who came here as a trapper but soon turned to orange growing.

Lieut.-Gov. Fitts extended a welcome to the visitors, Dr. George Clements, head of the agricultural department of the Chamber of Commerce, gave a short history of the Botanic Garden, Dr. E. D. Merrill, director of the garden, told of its organization and aspirations, and there were short talks by Fred H. Kirby of Long Beach, Harry

PROGRESS OF MUSIC OUTLINED

Teachers Hear Instructive Addresses in Third Day of Convention

A round-table discussion of music in America featured the third day's session of the California Music Teachers' Association convention yesterday at the Alexandria. The discussion was led by Roderick White of Santa Barbara and several violin teachers participated. Brief talks on the progress of music in America were given by Charles E. Pemberton and Ed Cohen, both of Los Angeles.

The day's program contained quite a number of interesting and instructive addresses. Mrs. Abbie Norton Jamison of Los Angeles, president of the California Federation of Music Clubs, discussed "Preparation" and "Music in Religious Education" was the topic of Mrs. Grace Widney Mabey, chairman of music in religious education of the National Federation of Music Clubs. A discussion of the work of the national body followed, under the leadership of Mrs. Edgar Stillman Kelley, president of the organization.

Other speakers throughout the day were Ernest Douglas, Dean Walter F. Skeels of the University of Southern California, David Lynn Wright, Mrs. Edgar Stillman Kelley and Alexander Stewart. Luncheon was served at the Elks' Temple, following which an organ recital and piano concert were given in the auditorium. At a special courtesy to the visiting teachers, Sibley O. Pease, resident organist of the Elks' Temple, has placed the instrument at the disposal of the visiting musicians during the convention.

In the evening a musical program was given at the Alexandria by John Smallman, baritone, and the Zoellner Quartet.

Man Faces Accusation of Manslaughter Due to Death of Girl

Walter B. Cox of 1830 Tamarind avenue, Hollywood, was held for trial by Superior Court on a charge of manslaughter growing out of the death of Margarette McKenide, high school girl, 17 years of age, in an automobile accident, at the conclusion of his preliminary hearing before Municipal Judge Stafford yesterday.

The accident occurred on Wilshire Boulevard near Thayer avenue, Westwood, on June 17, last, according to the testimony. The car, driven by Cox, crashed into a sedan driven by Anthony Castro of 1213 St. Andrews Place, overturning it. In the sedan were six Los Angeles High School students returning from a beach party.

Cox's car was traveling at a high rate of speed on the west side of the street, according to witnesses introduced by Dep. Dist. Atty. Thomas.

In addition to McKenide and Castro, the other occupants of the sedan were Maida Cronkhite, 817 South Hobart Boulevard; Myrtle Walker, 543 North Irving Boulevard; Angelo Bellacqua, 1725 Marne avenue, and Joe La Puma, 1813 Montana street.

Judge Stafford denied Attorney S. W. Thompson's motion to dismiss and held Cox under \$1000 bail.

THRILL HOAX IN KIDNAPING WIFE DENIED

Ex-Army Officer on Stand in Trial for Asserted Plot to Win Back Mate's Love

Credit for the "thriller kidnaping" and romance which police assert he planned to win back the love of his estranged wife, was denied by Col. Harry Light, former army officer, on the witness stand in Municipal Judge Gray's court yesterday. Light declared that Bud Coy, whom police assert Light hired to do the kidnaping, was responsible for the entire scheme.

Taking the stand in his own defense the former army officer declared that he did approach Coy on the street, at the police charge, but that he only asked him to "shadow" Mrs. Leah Light and report to him where she went and the men she associated with. Coy, he said, then asked him "why he didn't make a real job of it. Stage a first-class kidnaping and rescue, and I'll get another man and do it for you." Coy worked out all of the details of the plan, Light testified, even writing the note which he was to deliver to Light after Mrs. Light had been kidnaped and taken to a San Fernando Valley cabin.

Detective Lieutenants Burris and Reason, who arrested Light, testified yesterday for the prosecution. Burris repeated the story told on the stand by Coy as to how he had been brought in to assist at the kidnaping and the instructions given him by Light. The trial will be resumed this afternoon, with Light again on the stand.

SOJOURNER CLUB ELECTS PRESIDENT

One of the Community Chest's agencies, the Sojourner Truth Industrial Club which, since 1904, has proffered a home and cultural program for unattached and itinerant colored working women at 1119 East Adams street, yesterday elected Mrs. J. M. Scott as president for the fiscal year. Mrs. E. A. Johnson was elected vice-president. Mrs. A. R. McManahan, treasurer; Mrs. Wallace Wade, secretary; Mrs. C. A. Clayborn, corresponding secretary, and Mrs. A. Thomas, Mrs. Elmer Bartlett and Mrs. C. A. Robinson, chairmen, respectively, of the club's philanthropy, education and social service groups.
